Dear Nancy:

I have listed below the people who participated in the San Bernardino County Coin Club's National Coin Week Program. Each individual who brought a display for the club's regular April 19th meeting (which fell during National Coin Week) told of their display and also related a story of numismatics and friendship. Sometimes this was when they started collecting, sometimes it was a friend who has remained with them over the years. Regardless, the theme NUMISMATICS: A FOUNDATION FOR FRIENDSHIP was a real gem.

The names with asterisks shown also put displays in the local banks and libraries. We left club information sheets on both the local club and the ANA for the public to pickup and most of them were gone.

It is always a pleasure to participate in National Coin Week, keep up the good work. If you supply certificates for these people, please send them to my at the address shown below and I will present them at the SBCCC meeting.

Thanks.

Sincerely,

Virginia M. Hall
